Sir:

AMENDMENT AND REQUEST FOR RECONSIDERATION

Responsive to the first Office action issued in connection with the  
above-identified patent application, please amend the application as indicated  
below.

In the claims:

Please amend claims 1, 14, 20 and 22 as follows:

RECEIVED

AUG 23 1999

Group 3700

1. (Amended) A beverage-holding device, comprising:
- a glove having a palm region and a back region generally opposed to  
the palm portion; [and]
- a beverage receptacle coupled to the glove and adapted to receive a  
beverage container, wherein the receptacle includes a base and a sleeve extending  
from the base to define a cavity into which the container may be at least partially  
received, and further wherein the receptacle is selectively positionable between a  
first position, in which the palm region is generally between the back region and
